## Red Cross Drive Enters 2nd Week

The annual American Red Cross campaign is fundamental and vital. J. Cyril Glover, chairman of the 1935 drive, stated at the second week of the annual fund campaign got underway in Hancock County.

Glover explained that through the appeal to the people of Hancock County, Red Cross not only increases its membership and secures the funds necessary to continue its work, but, also, by renewing and strengthening membership, it increases the number of active members—the volunteers—who do the major part of the Red Cross job.

The Red Cross, which was conceived in 1863 by Henri Dunant, a young Swiss who was shocked by the lack of care given to the wounded left helpless on the battlefields of Solferino, determined to organize an international society of volunteers for the relief of armies in time of wars, extends a helping hand to people in distress.

In the United States, Dunant's cause was taken up by Clara Barton, who had done similar work during the Civil War; and the association grew from a relief agency during the Spanish-American War in 1898 to the present organization which trains millions of Americans in first aid, water safety, home nursing and other voluntary services that improve the welfare of the community.

Chairman Glover is urging everyone to contribute to the drive being conducted this month; your contribution will help people to help themselves and their neighbors by providing the resources for the Red Cross training program and its various other functions.

## Celebrates 25 Arceneaux Super Service Anniversary

A personal letter was received from P. W. Litchfield, Chairman of the Board of Goodyear Tire and Rubber Co., Akron, Ohio, congratulating Arceneaux for 25 years of business friendship and in appreciation of his loyalty and the feeling of good fellowship and hope that there will be many more years of profit and progress and perseverance—together.

## MRS. SAMUEL GIVES TRAVEL TALK

A large gathering was held Wednesday afternoon while Mrs. E. C. Samuel related her recent trip to the Orient.

Using San Francisco as the starting point of her narration, and giving interesting details on this fabulous American city, comparing it with interest spots seen in cities in foreign countries, then boarding ship from the docks and sailing through the Golden Gate into the West, Mrs. Samuel told those present with her in a word painting that enabled all who were listening to envision beautiful Hawaii, the spoils and ravages which war brought to Manila and the famous Walled City, the indolence of the native Filipino, the contrasts of Japan, Tokyo, the Westernized capital, Kyoto, the sacred city that is entirely the East in all its pomp and glory, the fantastically beautiful palaces where for hundreds of years the Emperors of Japan are coronated, Yokohama the port city, travel by train through Japan, the agriculture of the country and the utilization of every inch of ground, the beauty of the art of Japan, and a trip to the famous Mikimoto Pearl industry.

The arrival of the ship into the fairland harbor of Hong Kong, which she described as the Pearl of the Orient. The fabulous contrasts of East, meeting with taxation and what Low-Rent Housing means to Bay St. Louis.

Our Low-Rent Housing Projects were built primarily to provide decent, safe and sanitary housing for low-income families at rents they can afford to pay.

The Projects, equally divided to White and Negro, are owned and operated by the Housing Authority of the City of Bay St. Louis. It is a non-profit organization under the laws of our state.

Present members of this Authority are: Chairman, Wallace J. Bontemps; Vice-Chairman, August Scaddi; Anthony Benigno, T. T. Robin and E. J. Arceneaux Sr. These men were appointed by the Mayor and Board of Commissioners and serve without pay.

Projects Financed By Private Capital  
Several times this Authority has been approached on the subject of how the projects were financed and I will answer this briefly.

The costs of developing and constructing both projects were financed by private capital. It is true, however, that the U.S. Government makes temporary loans to assist the Authority until bonds can be sold to finance.

The bonds are issued and sold to the Authority to private enterprise, repaying the temporary loans made by the Government, with interest, from the proceeds.

## CREATIVE WRITING CLASS LAUNCHED

A class in creating writing is being conducted by John Husband, Ph.D., of Tulane University.

The class meets every Thursday morning at the studio of Dr. Laurence Oden on West Beach at Pass Christian, and is being sponsored by the Biloxi Branch of the National Association of American Pen Women.

Mrs. Lloyd Griffith of Bay St. Louis was instrumental in persuading Dr. Husband to conduct the classes. They are open to the public and any person desiring information may contact Dr. Husband at his residence on St. Charles St., or Mrs. Griffith by phone.

## Repairs, New Equipment Make Bay Youth Center More Attractive

### Let Child Stand on His Own Feet Psychologist Tells Bay Central PTA

"Let a child stand on his own feet and try out his own resources," urged Dr. H. L. Deabler Tuesday night in his talk before the Bay Central Parent Teachers Association.

Dr. Deabler, Chief Psychologist at the Veterans Administration Hospital in Gulfport, cited examples of men in the hospital who are results of "smothering" love.

He recommends allowing boys a reasonable amount of fighting to prove to themselves they can rely upon their own strength.

The subject "Relationship between the Child and the Parent" was divided into four extreme attitudes which result in an unhealthy atmosphere. Any of these may cause personality breakdowns in children in later life and must be guarded against, Dr. Deabler warned.

Parental rejection resulting from too many outside activities on the part of parents or from being

the first-born was the first unhealthy attitude discussed. Explaining to the child and reassuring of love is the cure for this, the psychologist said.

Following in order were discussed: over-protection, over-strict discipline and over indulgence. Dr. Deabler stressed demand from a child truth and consideration of other people and their rights.

Mrs. C. S. Schultz opened the meeting with group singing. Mrs. Carl Smith was accompanist. Third and eighth grades tied for the most parents present. Paul Miller from the sixth grade gave the monthly room report.

Refreshments in the home economics room closed the meeting.

Mothers on the hostess committee included Mrs. T. T. Robin, Chairman, and Mesdames Teddo Thomas, Wayne Alliston, Bruce Sharp, Charles Schultz, Gerald Favre and Leo Parker.

George L. Seuzeneau has been appointed chairman of the Bay St. Louis Youth Center. Seuzeneau will plan his publicity with the thought of encouraging the youth of this area to more fully utilize the many fine facilities of the center, and to encourage adults in more active participation and support of the center.

Enthusiastic acclaim was given by the young people of the center to the newly acquired automatic 100 record player. The old machine had served its purpose and it was necessary to obtain the new one.

The building has been undergoing a general repair and dressing up. Floors of the center have recently been refinished and a fine dance floor is now provided.

Mrs. George Seuzeneau and Mrs. J. Cyril Glover appealed for financial aid from the Board of Supervisors Monday for funds to purchase a new television set to replace the one stolen from the center. They were granted \$300 by the Board upon their request. Curtains for 32 windows have been made and hung through the efforts of Mrs. Horace Kergosien, Mrs. Edward Anderson, Mrs. T. F. Monti, Mrs. John Griffin.

Mrs. J. Cyril Glover, director, reported that since the acquisition of the new juke box, activity has remarkably increased to the point that the center is now fully utilized on Monday, Wednesdays and Fridays of each week from 3:30 p.m. to 6:00 p.m.

## TO OBSERVE FEAST OF ST. JOSEPH

The feast of St. Joseph with the traditional food laden table will be observed by Gaspar Maurigi Sr. and his son, Russell Maurigi at their home 312 St. John St., on Saturday, March 19.

The table will be ready for viewing by the public at 5 p.m. on Friday, March 18 through 11:30 a.m. Saturday, March 19. The doors will be reopened at 2:30 p.m. on Saturday for distribution of the Blessed bread and lucky St. Joseph Beans.

For many years the Altar and table heaped with food has been a routine in the Maurigi family, with hundreds of people visiting. The delectable little Italian cakes and breads are a treat for all who receive them.

## Nolan Ladner One of State's Best Basketball Referees, Been Officiating At Cage Games Since 1932

CHRISTOPHER BELL

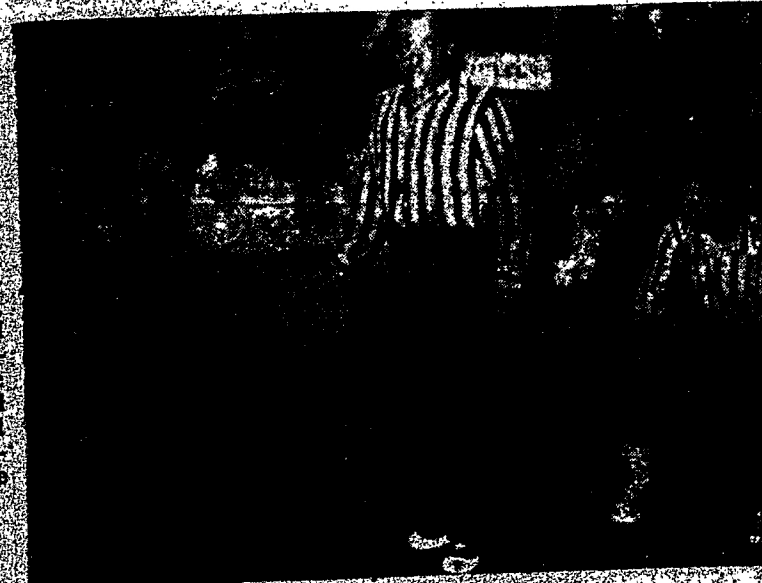

with the kids let them at it is their game. That theory and practice, that is Nolan Ladner, one of the most respected referees in the state today.

has been officiating at all games since 1932. made his debut refereeing games at St. Stanislaus and other Catholic schools the following year he began refereeing at the high school level.

he was selected to referee games in New Orleans which he did four or five times.

really launched Ladner's business and after years of excellent refereeing in a difficult role, found him recommended and called to call the South Mississippi basketball tournaments at Meridian and the state tournament at Natchez.

the following five years he was chosen to officiate at Mississippi tournaments at Meridian and Natchez, and in 1937 he was called the state basketball tournament at Meridian.

NOLAN LADNER, Popular local basketball referee, says "Let the Kids know it's their game!"

son brought him to handle the Sub-District Eight tournament at Natchez by one point with just five seconds remaining.

A player on the winning team was fouled and the coach called time out. He started to let the player take the ball out then decided to let him shoot. The boy missed the shot and in jumping for the rebound fouled an opposing player as the whistle blew. After the game was over, the player made both shots to win the contest.

Ladner remembers a grammar school game when he called a foul. The fouled player stepped to the free throw line to take the shot. Ladner saw the score again asked who the foul was and the kid said "I did it." Ladner said "I did it" and the kid yelled back "You did it! And I'll make all ten of them!"

Years of "calling for the kids" have added a great deal of understanding and pleasure to Nolan Ladner's life and he has earned the valuable reputation of being the players' choice and the fans' favorite.

## Your Questions Answered As

# Director Reports On Housing Authority

BY GEORGE E. HEITZMANN  
Executive Director  
Bay St. Louis Housing Authority

The purpose of this bulletin is to answer pertinent questions directed to this Authority in recent months, particularly those dealing with taxation and what Low-Rent Housing means to Bay St. Louis.

Our Low-Rent Housing Projects were built primarily to provide decent, safe and sanitary housing for low-income families at rents they can afford to pay.

The Projects, equally divided to White and Negro, are owned and operated by the Housing Authority of the City of Bay St. Louis. It is a non-profit organization under the laws of our state.

Present members of this Authority are: Chairman, Wallace J. Bontemps; Vice-Chairman, August Scaddi; Anthony Benigno, T. T. Robin and E. J. Arceneaux Sr. These men were appointed by the Mayor and Board of Commissioners and serve without pay.

Projects Financed By Private Capital  
Several times this Authority has been approached on the subject of how the projects were financed and I will answer this briefly.

The costs of developing and constructing both projects were financed by private capital. It is true, however, that the U.S. Government makes temporary loans to assist the Authority until bonds can be sold to finance.

The bonds are issued and sold to the Authority to private enterprise, repaying the temporary loans made by the Government, with interest, from the proceeds.

bond amortization costs each year, then the US Government will pay the difference.

With this I must add that at the end of the first six months period this Authority had a surplus of \$209.65.

This appears small, but it must be remembered that during this initial period many expenditures were made which will not occur again for many years. Purchases were of such items as office furniture and equipment, maintenance tools, etc.

At the end of our first year under management, this authority had a cash, unreserved balance of \$2,910.63. Additionally, this Authority had deposited as an operating reserve with its fiscal agent a sum of \$1,459.48.

**Makes Payment In Lieu of Taxes**  
Taxation is foremost in the minds of many people, particularly at this time of year. The Housing Authority is not subject to taxation under State law.

However, the Housing Authority is permitted to make payments in lieu of taxes. This means that the Authority can pay a maximum amount of 10 per cent of the shelter rent collected to the City of Bay St. Louis. This authority adopted a Resolution whereby it pays the maximum and its initial payment to the City amounted to \$675.40.

It might be well to mention here that a check with the City Fathers shows that not more than \$25 per project or a total of \$50 was derived from the property prior to the construction of the units.

**Total Payments to City Amount to \$2,324.29**  
What do the Projects leave in to pay the cost of operation and Bay St. Louis?

## Housing Authority Pays Off

This should answer fully this question:

1 This Authority paid to the City of Bay St. Louis, in addition to the payment in lieu of taxes, the sum of \$1,248.02 and the sum of \$406.80 for gas and water, respectively. The total received by the City for the last 12 months is as follows:

Gas	\$1,248.02
Water	406.80
Taxes	675.47
	\$2,324.29

2 This authority purchased from local merchants all of the material used in the maintenance of both projects. Additionally, it employs only local labor for maintenance. The Projects are operated on a cash basis and the amount expended for the last 12 months is as follows:

Insurance must be secured request.

Wallace Bontemps, Housing Authority Chairman, hands check to Mayor John A. Scaddi as the Housing Authority "pays off" at the end of 12 months' operation. Looking on are, left to right, George Heitzmann, Director, and Ed Arceneaux and City Commissioners J. Cyril Glover and Sylvan Ladner.

under the bid plan. The sum of \$332.21 was spent for this purpose and the majority of this went to two local insurance Agents. The balance portion was awarded to an outside agent, who incidentally, resided in Bay St. Louis for more than 20 years.

4 In addition to this maintenance, stated in Item 2 above, the Authority employed on two occasions a local man to do repair work due from damage with the Insurance Company reimbursing the Authority.

In closing, I think it noteworthy to state that the Project, eventually, is owned by the city and that at the end of each year it will acquire an equity in the Housing Authority.

**THURSDAY TUESDAY**

The Home and Country Garden club will entertain in the home of Mrs. Louis Moore Tuesday evening at the occasion of the club's 3rd birthday.

Officers were elected for the coming year, Mrs. A. Mathes, President, Mrs. Roger Bordages, Vice Pres., Mrs. Frank Henchy, Secy., Mrs. Alton Barber, Treas.

Members present were Mrs. A. Bull, Mrs. Alton Barber, Mrs. Travis Bozeman, Mrs. Joseph Ken, Mrs. Frank Henchy, Mrs. Earle Gates, Mrs. Roger Bordages, Mrs. William Bozeman, Mrs. A. Mathes.

Two new members were initiated into the club, Mrs. Lawrence Sauer and Mrs. J. Munch, Mrs. Chas. Bouls was guest of the club.

Much of the evening was devoted to discussing plans for the annual flower show, which the club will present to the public in Waveland in the near future.

Mrs. Dan Russell gave a most interesting and detailed demonstration on floral arrangements.

Birthday cake and punch were served by the hostess, Mrs. Moore.

**FEBRUARY TRAFFIC FATALITIES TOTAL 26**

Twenty-six persons perished in highway accidents in Mississippi during February, the same number that were killed during February 1954.

The office of Commissioner of Public Safety T. B. Birdsong disclosed today that two of the 26 fatalities reported occurred on city streets. Twenty-four were on the open highway, and as in the past, excessive speed was the predominant cause in most of the worst mishaps.

Mississippi's 1955 traffic fatality rate is running slightly behind the 1954 record, however, and state safety leaders are hoping for another reduction in traffic deaths. The Mississippi Highway Safety Patrol reported an 8.9 per cent reduction in highway deaths in 1954, the second consecutive year that accidental traffic deaths had been reduced in Mississippi.

Commissioner Birdsong has ordered traffic enforcement by patrolmen to be stepped up throughout the state, with heavy emphasis placed on the use of radar.

Accounts for one billion eight million dollars in revenue annually. Both of these movements on the part of the House were in our judgement most unfortunate because they both, for the reasons stated, promote the inflationary forces. And this too just at a time when the cost of living index has achieved stability.

Of course, everybody is for tax relief. Certainly I am no exception. But I do not favor borrowing money on which interest must be paid in order to get tax relief for myself and leave the borrowed money to be paid back by my children. There is a sound way to get tax relief. It is very simple: Stop so much Government spending. Let the Government economize, balance its budget and then give genuine tax relief rather than borrowing tax relief. This we have been advocating and practicing for the last ten years.

For these reasons, I was among those who opposed and voted against both proposals.

**FOREST SERVICE CELEBRATES GOLDEN ANNIVERSARY**

The U. S. Forest Service this month observes the 50th anniversary of establishment in the Department of Agriculture according to an announcement by Forest Supervisor E. R. DeSilva. The "Forest Reserves" was established in 1891 and the "Forest Service" was created on February 1, 1905, through the merging of the earlier Bureau of Forestry and the Forestry Division of the General Land Office. Forestry should go steadily forward with potentialities for contributing to national prosperity, security, and progress. Fifty years from now, as today, the strength of the Nation will lie in its people and its resources.

**JUNIOR NEWMAN CLUB NEWS**

**BY BOB BING**

Since Easter is almost here, preparations are being made for the Easter Dance for the members of the Junior Newman Club.

Four members of the JNC, Roberta Williams, Roseanne Kingston, Carol Johnson and Alice Maurigl, are now being prepared to receive the Sacrament of Confirmation. Any of the members who have not made their Confirmation can begin preparations either at St. Joseph Academy after the 7:30 a.m. Mass on Monday, Tuesdays and Wednesdays up until the Confirmation Day, which will be in May. Members can also prepare for their Confirmation by attending the instructions given at the Junior Newman Club meetings.

A lot of members have not been paying their dues lately. If there is to be any activity taking place due to the efforts of the JNC, there has to be some financial support from its members.

The summer school teachers are busy planning their schedule for this summer's instructions. Betty Burns, Joyce Lee Lang and Patsy Chapman, the teachers are hoping to accomplish even more than they did last year which was, incidentally, a lot.

**BERLIN'S 'WHITE CHRISTMAS' IN SENSATIONAL VISTA VISION**

The entertainment world is agog about Paramount's brand new musical comedy extravaganza in Vista Vision, Irving Berlin's "White Christmas," and it is little wonder. Due to play Thursday through Tuesday at the Hi-Way Drive-In Theatre, "White Christmas" stars Bing Crosby, Danny Kaye, Rosemary Clooney and Vera-Ellen with Dean Jagger and if that notable galaxy of stars is not enough, it also has Irving Berlin's music and lyrics, a warm, moving story and production numbers that literally bedazzle the eye.

Filed in the rich hues of Technicolor and in the revolutionary new Vista-Vision film process the viewer is able to see images on the screen with such clarity that it defies the imagination.

"White Christmas" was the perfect selection to be the first such film to be filmed in the electrifyingly stunning process. One of the most spectacular musicals of recent years, it is the culmination of almost a decade of planning by Irving Berlin, acknowledged by his peers and the public alike as the country's, and perhaps the world's, greatest writer of popular songs.

While carrying the title of a tune first introduced by Bing Crosby in Paramount's memorable musical "Holiday Inn" many years ago, "White Christmas" is an entirely new story with entirely new characters and with a new and fresh musical score.

Lucy didn't see the train, but the train saw Lucy. The tracks are juicy. The juice is Lucy.

OUR STATE

MISSISSIPPI STATE CAPITOL

Mississippi's new capitol is, architecturally speaking,  
the most important and the most prominent public build  
ing in the South. It far surpasses in beauty, if not in  
size, all the capitol buildings in the Southern States.  
The style adopted is a pure renaissance classic of a dig  
nity and elegance of proportion which fittingly express  
the power, honor and stability of the State.

TOP CAR...TOP SIX

of the low-price 3!  
BIGGEST SIZE, SMOOTHEST PERFORMANCE, HIGHEST ECONOMY

Take a turn at the wheel behind Plymouth's  
new PowerFlow 117 engine—see why it's  
the smoothest, thriftiest 6 in the lowest-  
price field. Here's power for all driving  
needs, plus the super-smoothness of the  
PowerFlow's Chrome-Sealed Action. No  
other low-price car has it, and it's your  
guarantee of more years of gas-saving  
economy and trouble-free performance.

design means fewer working parts, less  
friction. Its automatic choke meters each  
drop of fuel. Its bypass cooling system  
gives you quick warm-up in cold weather;  
dozens of other exclusive features promise  
you much lower operating expense.

The PowerFlow 117 engine is one big  
reason why the big swing this year is to the  
forward-looking Plymouth. Another is the  
new 167-hp Hy-Fire engine, the most  
powerful standard V-8 in Plymouth's field.  
Plan to drive a big, beautiful Plymouth  
with either of these two great powerplants  
soon—how about today?

**COUNTY AGENT'S NOTES**  
BY HOWARD F. SIMMONS  
Hancock County Agent

**MANAGEMENT OF CEREAL AND CLOVER AREAS**  
Farmers have several areas that they are going to have to manage during March. Where grain is to be cut from oats or wheat, livestock should be moved around March 1. These areas should not be grazed later than March 15th. Farmers who want heavy production from the cereal are urged to re-nitrate with 30 to 40 pounds of nitrogen per acre.

**COTTON INSECTS**  
If you are going to plant cotton make your plans now to make as much cotton per acre as possible. You are going to have to control insects to do this. The 1955 cotton insect control recommendations are now available at your county agent's office. This handy, hip-pocket sized leaflet tells when to poison, what poison to use, how to apply the poison, has a cotton insect calendar and a dilution table for cotton sprayers. It also has pictures of the major cotton insect pests.

It is yours free. Just see your county agent and ask for a copy of Extension publication 292, "Cotton Insect Controls for 1955".

**HOG EQUIPMENT**  
Planning to go into the business of producing hogs commercially? If so you are going to need some equipment. See your county agent for a copy of Extension publication 243, "Plans for Hog Equipment." He will be glad to supply you with this handy booklet which shows in detail how to build hog houses, farrowing houses, pig saving equipment, self feeders, automatic waterers, loading chutes and pig creepers, shelters and wallows.

Tis Spring  
Tis Spring. How do I know? Look out the window, there's no snow. There's a chirp of a bird, a leaf on a tree. That's enough proof for me. The grass is green, flowers bloom, Sunbeams shine from the sky. Birds are on wing, buds in sprout, 'Tis spring, without a doubt.

—Gert Brockmar—  
Recent guests of Mr. and Mrs. Ray Stieffel were their son and daughter-in-law, Mr. and Mrs. Bert Stieffel. Young Bert is a student at Ole Miss and a trip "home" is always a good tonic for two young folks who sometimes get a little homesick.

# MORE PEOPLE BOUGHT FORD CARS IN 1954 than any other make!

Ford passenger-car sales to customers outnumbered those of any other make by thousands\*

### AND IT'S EASY TO SEE WHY!

Ford is the leader in styling

Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!

Ford is the leader in V-8 power

Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines—more than all other makers combined! For 1955, Ford offers two new and mighty V-8's, as well as a most modern Six—all with the split-second response of Triforce Torque power!

Ford is the leader in ride

Ford was first in its field to introduce Ball-Joint Front Suspension—the greatest advance in chassis design in 20 years. For '55, it's even better. Springs are set at an angle to smooth out even the finest bumps. It's the new Angle-Posed Ride.

# Kiln Third in State Tourney

Any thought of a rally on the part of Walnut.

Against it was the team of Royce Shiyon and Larry Ladner that proved the way for Kiln, as the two forwards totaled 23 and 20 points respectively. Kermit Davis was high pointer for Walnut with 18. Defensive star of the contest was Kiln's Dalton Sones, whose constant headup ball playing proved a major factor in the Wildcat victory.

In the state finals Wheeler defeated Puckett 57-49.

The eight coaches whose teams participated in the tournament selected an all-state squad. Kiln star forward Larry Ladner received a first team berth, while Jason Mauffray, Louis Garriga and Royce Shiyon were given honorable mention.

Coch Ladner said he was "very pleased" with the boys and that they felt they had "a very enjoyable season."

"We wish we could have gone to the finals, for we feel that we could defeat Wheeler," Coach Ladner said. "However, we are very proud of the fact that out of more than 1,000 B-BB schools in the state we finished third."

## L. Ladner Named To All-State Team

Kiln's Larry Ladner was named to the Mississippi State B-BB All-Star basketball squad by the eight-man selecting committee composed of coaches of teams that participated in the state tournament at Decatur last week.

Ladner, a 5 ft. 10 in. forward, has played the last four seasons with the Kiln cagers and this year piloted them to third position in state B-BB basketball.

Representatives from state colleges have been eyeing Ladner, including Mississippi Southern.

Honorable mention went to three other Kiln cagers, Louis Garriga, Royce Shiyon and Jason Mauffray. Both Garriga and Mauffray will be back for next year's team.

**NATIONAL 4-H CLUB WEEK**  
Beginning Sunday, March 5 is National 4-H Club week.

The 4-H Club members in Hancock County, along with their leaders, parents and friends have planned to celebrate this week in a variety of ways.

**REMEMBER YOUR HEART**  
Just as the activities of Clean-up Month and National 4-H Club Week are remembered and extended throughout the year, so are the cautions and recommendations given during February Heart Month.

Remember, one out of every two deaths are attributed to heart or circulatory disease. The most common types of heart disease are rheumatic fever; Hypertension; heart disease resulting from high blood pressure; and coronary heart disease resulting from hardening of the coronary heart arteries which supply the heart muscle with blood.

Give your support to the Heart Association in its fight against heart disease through research and education.

And personally to keep your heart in good working order, have a complete physical examination at least once a year. Keep your weight normal, since overweight adds seriously to the heart's burden.

Slow down your pace and get the proper amount of sleep and rest. Conserve your energy in performing your daily tasks. Get early antibiotic treatment for "strep" infections and especially for your children. Worry less. Attack the problems you can solve but don't let the others worry you.

These rules may not be easy to follow, but they are sure to pay off in longer life. Remember to protect your heart.

## Tempting Treat or Company Dessert

Delectable fudge squares—quick, easy, and so good!

These Southern Fudge Squares will win applause from youngsters, the men folk and fussy aunts alike. Made thick or thin, they're equally delicious—vary the topping to suit your fancy!

**SOUTHERN FUDGE SQUARES**

1 square unsweetened chocolate, melted  
1 cup sifted all-purpose flour  
1/2 cup KARO Syrup, Blue Label  
1 egg, beaten  
1 teaspoon vanilla  
1/4 cup soft milk

Cream shortening, gradually add sugar and beat until light and fluffy. Add KARO, beat well. Add egg, vanilla and melted chocolate. Add sifted dry ingredients alternately with cream milk, stirring just until smooth after each addition. Pour into well-greased oblong pan (12 x 7 x 2 inches) or 2 8-inch square pans. Bake in moderate oven (375° F.) about 25 minutes. When cool, spread with your favorite chocolate butter-cream or fudge frosting and cut into 2-inch squares. Makes about 18 squares.

Notes: For thick cake-like squares, bake in 8-inch square cake pan in moderate oven (350° F.) about 45 minutes.

ger and weigh more, but they come in such bright colors and designs it is hard to resist them sometimes. When you feel you just have to have a plaid fabric for that new spring dress, select for that new spring dress, select a plaid that harmonizes in size and personality. Small ones are for small people, and medium, dark colors for the large person, if she must have plaids. Solid dark colors minimize the size of the figure, remember.

When you buy plaid material, determine whether or not the plaid is a balanced one. Select vertical stripe and read the colors and spaces to the right and left of the stripe. Then select a horizontal stripe and read the colors and spaces above and below this stripe.

A plaid requires more material than plain fabrics. No exact rule can be given for all sizes and end types of plaids. A general rule is to buy one extra design length for each two places that are to be matched.

That is, if the design is 6 in.ches long, and you must match it in four places, you should buy 12 extra inches of material.

**Robert Bernard Van Court**, 47, a native of Biloxi and a resident of Pass Christian and formerly of Bay St. Louis, died suddenly Friday night about 9 o'clock at his home, 210 E. Second St., Pass Christian, after suffering a heart attack.

**Mr. Van Court**, born Dec. 21, 1907 in Biloxi, was the son of the late Mr. and Mrs. John Norman Van Court. He was a graduate of St. Stanislaus and had been employed for the last four years in the radio school at Keosauqua, Iowa. He was a member of St. Paul's Catholic Church.

Funeral services were held Sunday afternoon at 1:15 o'clock from O'Keefe's Funeral Home with religious services at the Church of Nativity at 1:30. Interment was in the Biloxi Cemetery.

Survivors include his wife, Mrs. May Agnes Abbley Van Court, Pass Christian; three sons, Robert B. Van Court Jr., Shreveport, La.; Norman and Richard Van Court, Pass Christian; four daughters, Mrs. W. E. Rice, Port Angeles, Wash.; Roberta, Joy and Mercedes Van Court, Pass Christian; four sisters, Mrs. Bertha Loescher, Bakersfield, Cal.; Mrs. Helen East, Westbury, Long Island, N. Y.; Mrs. W. C. Westphal, Pascagoula; and Mrs. Anita Kostmeyer, Biloxi; three brothers, George and William Van Court, New Orleans, and Charles Van Court, Ocean Springs.

### HEART FUND DRIVE ENDS

**Mrs. Charles Beyer**, Chairman for Hancock County for the Heart Fund Drive, said the first drive staged in this county is now ended. She wished to thank the many contributors and the people who worked with her for making the drive a success.

Hancock County compared very favorably with other Mississippi counties in reaching goals set for them. Mrs. Marguerite Kern was co-chairman with Mrs. Beyer, and her efforts contributed largely to the fine showing received by donors in this county said Mrs. Beyer.

**Entertain At Series Of Parties Recently**

**Mr. and Mrs. Don McCulloch** have been hosts at a series of parties recently. On Friday of last week they entertained at a cocktail party at their newly renovated home on N. Beach. The majority of the fifty guests invited were friends from Gulfport.

On Saturday evening they entertained again with cocktails and a buffet supper for another group of friends.

An exquisite arrangement of peach colored gladiolas and pink roses centered the dining table which held the punch bowl and was laid with a beautifully embroidered linen cloth. A bar was set up on the large rear porch. Tonight Mr. and Mrs. McCulloch will be hosts at another party when their guest list will include business associates of the hosts with their wives from the Miss. Power and Light Co. On Saturday evening they will again entertain with cocktails and a buffet supper with another group of friends.

### COAST ARTISTS ATTEND SUMMER

A representative gathering of Gulf Coast artists enjoyed a dinner March 7 at the Hotel Eden.

**W. Saunders** showed pictures of bridges in Belgium and Belgium in Spain, both ideal spots from an artist's viewpoint. Saunders is considered one of the finest water color artists on the coast.

**Dale Nichols**, nationally known contemporary artist now making his home on the Gulf Coast, gave a brief outline of his new studio which is under construction.

A number of artists from Bay St. Louis and Waveland were among those present.

**Golding was born in Webster County, and spent his boyhood there and in Montgomery County. He worked his way through Holmes Junior College at Goodman by milking cows. While there, he served on the debating team, and on a scholarship to Mississippi Baptist College at Clinton.**

**At Mississippi College**, Golding majored in political science, earning a BA degree. He was on the varsity debating team, and served as president of the Pre-Law Club.

**After finishing at Mississippi College**, Mr. Golding entered the teaching profession at Mars Hill School in Amite County, where he served as principal and coach. Two years later and at the age of 25, he was named Superintendent of the Bude Public Schools. Since that assignment, Golding has served continuously as a school administrator, except for 3½ years as an instructor in the US Army Air Forces Technical School.

**Golding later received a Master's Degree at Mississippi State College in administration**, and is currently in his eighth year as superintendent of the Benton Public Schools, formerly the Yazoo County Agricultural High School.

**He served three terms as president of the Yazoo County Teachers Association**, as well as president of the Association of Consolidated Schools of the State of Mississippi.

**Popular at the schools he attended**, Golding served as president of the Holmes County Junior College Alumni Association, and president of the Mississippi College Alumni Association.

**In 1939 he was married to the former Miss Winnie Craft of Taylorsville, Miss.**, whose family has long been prominent in civic and political circles of Smith County.

**Golding's personal remarks to the people of Mississippi are as follows:**

**"I seek the office of State Auditor on the basis of training, past performance, and an ambition to be of service to our people."**

**Even though I am just now making my formal announcement**, I want to thank my many friends over the state who have already written hundreds of letters pledging their support in my endeavor to be the next state auditor. Especially, I want to pay tribute to my home people of Yazoo, Webster, and Montgomery Counties, who have initiated plans to aid me in my statewide campaign.

**I will deeply appreciate the votes and influence of our good people. If elected, your state auditor, I pledge you a courteous and efficient administration based upon the customs, traditions and the way of life we love here in the southland.**

**Respectfully yours,**  
**E. B. "Boss" Golding.**
